

## **Sixth Form Dress Code**

**The Sixth Form students should be dressed smartly and appropriate for a working day at school and this may be different from how they dress when they are not in school.**

Our overriding consideration is that attire should be smart and of a standard which would be acceptable in a business environment. Although the school does not insist that a suit should be worn, it is to be encouraged. Suits and jackets can be purchased at a reasonable cost at most leading supermarkets.

Through consultation with the Sixth Form Council, it has been agreed that a range of colours will be permissible on the condition that attire is smart.

Tops and shirts should be smart and can be worn with a jumper, cardigan or blazer style jacket. Footwear must be leather or leather effect and canvas shoes should not be worn. Earrings are allowed but no other facial piercings are permitted.

### **Appropriate for School**

Trousers should be smart, fitting and clean

Skirts should be knee length or just above

Polo shirts/smart tailored shirts/blouses

Leather or leather effect shoes

Dresses

### **Not Appropriate for School**

No jeans, camouflage trousers or shorts,

Tracksuit bottoms or leggings

T-shirts with large logos, inappropriate slogans or strappy tops

Flip flops / trainers / converse

Hats worn inside school

Facial piercings

**For school events when you are representing the school such as open evenings, and for official year group photographs, you should wear a white blouse / shirt and black skirt/trouser.**
