Dear Parents and Carers

I am writing to remind you about the student finance deadlines which are applicable if your daughter/son/ward is starting university in September this year.

The attached PDF is from Lancaster University but contains details and links which are suitable for anyone starting university in 2020.

Students should have already applied for student finance, and have recently been emailed with a reminder of the deadlines, but I'd be most grateful if you could pass this on to your daughter/son/ward in case she or he has not received this reminder. Please note the deadline which will be **22 May** for students who live in England but it is **15 May** for Wales.

It does not matter whether students are applying to universities in England, Wales, Scotland or Northern Ireland – they must apply to the appropriate student finance organisation based on where they **currently live**, not on where they are planning to study.

If your daughter/son/ward has any issues regarding student finance then please ask them to contact me via email and I will assist in whatever way I can.

Kind regards.
