

## Sixth Form Dress Code

The Sixth Form students should be dressed smartly and appropriate for a working day at school and this may be different from how they dress when they are not in school.

Our overriding consideration is that attire should be smart and of a standard which would be acceptable in a business environment. **A blazer style/suit jacket should be worn.** This can be of any colour. Suits and jackets can be purchased at a reasonable cost at most leading supermarkets.

Tops and shirts should be smart and can be worn with a blazer style jacket. Footwear must be leather or leather effect and canvas shoes should not be worn. Earrings are allowed but no other facial piercings are permitted.
