Uniform Centre

We would like to update you on our current position, and our plans for when we can resume "normal" service, which we hope will be EARLY JUNE.

CURRENT SITUATION

Whilst our shop is still closed we are busy getting ready for our busy back to school period. We are well stocked for all schools.

Our website has been very busy with online orders which we are **delivering for FREE on orders over £30 until the end of May.** Orders can also now be collected from the back of the shop.

We have been implementing the necessary precautions to ensure the highest standards of safety and hygiene for our staff and customers. We are installing screens across our counters, all customers will be required to use hand sanitiser before entering the shop, a 2m gap will be required between customers both inside and outside of the shop. Staff will wear gloves with the option to wear a face mask. All areas of the shop will be regularly cleaned and sanitised.

FUTURE PLANS

We will continue to push our online service and encourage early buying to avoid the inevitable queues during the summer. We are offering promotions for some schools and for early orders which we will advertise on our Facebook page @wirraluniforms. These offers will only be available online.

We are planning to have a separate shop for collections only which will hugely help with the queues and with social distancing.

As soon as we reopen we will be opening on Sundays for appointments. This will be mainly for children or parents with special needs. We appreciate that anxiety levels will be high and many people will not want to shop when it is busy, so we will do our best to alleviate these concerns.

We will have to limit the number of customers in the shop and staff on the counter, so this will mean that potentially the queuing time will be hugely increased!
