For information:

The following message has been sent to all Year 7 students via their school email

Dear Year 7

Please see the link below to a Google Form to collect your preferences for languages studied in Year 8. Please click the link and complete the form by Friday 22 May.

You have had the opportunity to study French, German and Spanish as foreign languages in Year 7 along with an introduction to Classical Civilisation; a curriculum which is not available in the majority of schools.

As we further our planning for Year 8, there is an opportunity for you to indicate a preference for two languages to study in Year 8 and beyond.

We do use the word 'preference' rather than 'choice' as we can only staff a finite number of full classes and must consider the resources we have available. There will ultimately be some disappointment if preferences cannot be met, but we will strive to satisfy as many students as possible. The decision of the school will be final and a ballot system will occur in the event of over subscription of one particular choice.

The Year 8 curriculum offers the study of two of the four languages; French, German, Spanish and Latin. Each language offers the opportunity to progress to GCSE and beyond and each also offers chances for students to culturally enrich their learning through visits, speakers and workshops.

To state a preference, the form below should be completed via Google Forms no later than Friday 22 May 2020. Any student who does not complete the form by the deadline will be deemed to be happy to receive any combination of two languages. Returning the form early does not achieve priority status, but administratively this would be appreciated to ensure the allocations can be done in a timely fashion.

Thank you and please let me know if you have any problems.

Mr Clarke

docs.google.com

Please note that students need to go to [Google.co.uk](https://www.google.co.uk) and make sure they are logged on to their school account or they will not have access to the form. When they visit [google.co.uk](https://www.google.co.uk) they will see the option to log in or swap accounts in the top right hand corner. Their log in is just their normal school email address and password.
