1 INTRODUCTION

The School recognises that its premises are a valuable resource within the community and welcomes the opportunity to enable other users to benefit from it when they are able to do so.

This policy aims to clarify the conditions for letting part of the School building so that all agreements are entered into with both parties knowing what they can expect and how to address any issues that might arise.

Our aims

By letting our premises we intend to:

- Maximise the use of the School for the benefit of the community
- Ensure that the educational use of the building is prioritised without prohibiting other users
- Raise money to support the activities of the School

The School will always seek to at least cover its costs unless it is a direct beneficiary of a fund raising activity.

2 RISK MANAGEMENT

2.1 Risk Assessment

West Kirby Grammar School (WKGS) will undertake a risk assessment when new lettings are arranged which, includes fire procedures, security and information to let people know who are booking the premises about any necessary health, safety or security information relating to the premises and any equipment, which may be used. Risk assessments for long-term lettings will be reviewed every 12 months. The School requires that the third party provides a risk assessment for them to examine (7 working days prior to the event-taking place).

2.2 Fire Safety

As with any activity on the School site, fire safety procedures should always be followed in the provision of lettings. The Site Team will advise the hirer, on the first occasion of the nearest emergency exits and direction to the fire assembly point on arrival. Key points to note are as follows:

- If any building work is to be undertaken that may affect the means of escape in the event of fire, the fire safety risk assessment will be amended and communicated to all necessary persons by the Site Manager;
- When parts of the School are open for evening or weekend use, The Site Team will make sure the necessary escape routes are open and clearly signposted;
- At least one of the users in each activity group must be aware of what to do in the event of a fire and means of escape from the building. It is the agreed user's responsibility to ensure that all users in each activity group understand what to do at the start of each booking.
- The Site Manager must check that any equipment brought onto the premises will be properly used, certificates must be supplied for all electrical equipment, evidencing that equipment has been tested by a suitably qualified person. Any equipment without the appropriate certificates cannot be used on the premises.
- Where public performances take place, escape routes need emergency lighting and fire doors are operational. Fire Marshals may be required in order to prevent overcrowding and keep gangways clear – All fire marshals must be familiar with the fire drill and all escape routes;
- Where activities are being provided by a third party provider, the School will ensure that they know the emergency procedures and if no member of staff is present at the time of the activity, ensure that the providers are informed to bring a mobile phone.

2.3 Other Health & Safety Risks

Management responsibility for the School premises remain with the Governing Body both during and outside School hours. Where School permits others to use their premises they are made aware of their health and safety duties in School.

The use of premises is restricted to the use and accommodation specified in the hire agreement.

Suitable footwear must be worn at all times by persons using the sports hall, gym and other P.E training facilities for sport related activities. Eating and drinking in these areas is strictly forbidden.

WKGS take no responsibility for First Aid provision. It is the Hirer's responsibility to make their own arrangements for first aid. Should there be an accident on the School premises; an accident form must be completed for School records.

The School will not be responsible for damage to property arising out of the hiring of the premises unless such injury or damage results from the negligence or breach of statutory duty on the part of the School.

It is the responsibility of the hirer to take out appropriate Public Liability insurance cover.

There is no access to a public telephone and hirers should bring a mobile phone with them.
