Dear Parents and Carers

I hope you and your families are well. I wanted to contact you regarding some more events which have been organised for early July. These would normally have taken place in school and we ask that all Year 12 students attend at least two events, even if they don't cover topics they plan to study. All of the speakers are giving up their free time to address our students and we are very grateful to them for doing so.

The talks will be followed by Q&A sessions and will each last up to an hour. Students can access the talks via the Microsoft Teams app for PCs, Macs, iPhones, iPads and Android devices by going to <https://www.microsoft.com/microsoft-365/microsoft-teams/download-app> They can then log in with their normal school email address and password. It is advisable that they do this as soon as possible so that any technical issues can be resolved.

I am currently finalising the plans, but we are currently expecting the talks to take place on the days shown below and they will be during the normal school day. Exact timings, and any changes will be confirmed on the Year 12 Google Classroom page in the coming days.

Friday 3 July

- Personal Statements for Medicine and Dentistry
- History Degrees
- Business Degrees

Tuesday 7 July

- Studying in Scotland
- Public and Environmental Health
- Life Sciences
- Engineering and construction
- Pharmacy

Some students in 12S and 12I will be in school on the morning of Tuesday 7 July. As the talks on Studying in Scotland and Public and Environmental Health are likely to be in the morning or early afternoon, please could you ask your daughter/son/ward to contact me if they wish to attend one of these and we will attempt to find an alternative.

We are also trying to arrange a talk on Apprenticeships around this time and I will pass on information to students if and when details are finalised.

If you have any queries regarding these talks, please do not hesitate to contact me.

Yours faithfully

Mr R Bell
Sixth Form Team
