

GCE ADV/AS & GCSE POST RESULTS INFORMATION – SUMMER 2022

Students unhappy with their grades are advised to discuss breakdown of results and grade boundaries with subject teacher (if staff unavailable, Mrs Hill-Jones) before deciding on post results services.

IMPORTANT – To allow time to support A'Level students whose university places may be affected, GCSE students and parents are respectfully asked to wait until after 1st September to make enquiries about non-priority post results services and the breakdown of subject results.

The table below lists the post results services and fees (**per component and not per subject**) provided by exam boards:

IMPORTANT

Please be absolutely certain when you submit an application for a re-mark. Remember, marks can go up, down or stay the same. Whatever the outcome of a re-mark, the decision is final!

Students MUST provide a completed, signed ATS or EAR application form. Post results fees must be paid to school via Scopay (select; exams/post results) before applications are processed by Mrs Hill-Jones. Where a student is unable to submit an application in person, forms may be accepted from parents but MUST have been completed by the student. In addition, an email to exams@wkqs.net from the student informing Mrs Hill-Jones MUST be sent in advance of parents' arrival at the school.

Applications forms must be submitted to the exams office by the relevant **deadlines** as listed above. The sooner applications are processed, the sooner the outcome!
